An eighty-year-old man went to his doctor to complain about pain in one knee. The doctor examined it gently and said, "Well, you know that knee is eighty years old. You can't expect too much."
"That's true," the man agreed; "but Doc, so is the other one and it's not bothering me like this one!"

Original Self

Try to see what no one else has seen. Try to think what no one else has thought.
Then you will be what no one else has been.

Two elderly men were sunning themselves on a Miami Beach when they started a friendly conversation.

"I was able to move here to retire in Miami after my business burned to the ground," the one man said.

"The insurance payment sure came in handy."

The other replied, "I'm here living from an insurance claim when my factory was flooded out."

The first man pondered for a few seconds and then asked, "How do you start a flood?"

Q. What do you call a man with no arms and no legs under a car?

A. Jack!

Confusius say: "Man who run behind car get exhausted, but man who run in front of car get tired."

Past Present and Future

The past is unchangeable, the future too uncertain, but the present is here now, so enjoy the time you have now because it's gone in a flash.

Don't U be Sorry

A 17 year-old Antarctica boy was hired to paint a white line down the middle of the highway. On the first day, he got off to a good start and he painted a white line 7 miles long. The next day, however, he painted a line only 4 miles long. On the third day, he was down to less than a mile. Finally, his friend Max asked him why he was doing less each day. The boy replied, "I guess it takes me longer and longer to get back to the bucket each day."

Morty was in his usual place in the morning sitting at the table, reading the paper after breakfast. He came across an article about a beautiful actress that was about to marry a football player who was known primarily for his lack of IQ and common knowledge. He turned to his wife with a look of question on his face. "I'll never understand why the biggest jerks get the most attractive wives."

His wife replied, "Why thank you, dear!"

Ongoing training and support is provided by Community Resources and Employment and by the Saskatchewan Foster Families Association. For more info, visit our web site at www.dcre.gov.sk.ca.

This fellow was a very good
harp player and wound up
playing a gig in San Francisco,
at a pub named Sam Fran's
Disco. When his gig was up
and he returned home, he
found out he had forgotten his
harp. When he told his wife he
had to go right back, she
wanted to know why. He said,
"Because I left my harp in Sam
Fran's Disco".

Q: What's the definition of

A cop was rushed into the
operating room for an
emergency appendectomy. The
surgery went well, but
afterwards he had a weird
pulling sensation on his chest.
Worried that something else
was wrong, he lifted his
hospital gown to take a look.
Attached firmly to his chest
hairs was a wide strip of tape.
"Get Well Soon". Was written
on it, and it was signed: "The
nurse you gave a ticket to this
morning."

A man was cleaning out old clothes from his closet, planning to give them to charity. In the pocket of a suit coat he found a shoe-repair ticket, about ten years old. "I believe that place is still in business," he thought, so he went down to the shop. Without saying anything, he presented the ticket. The man behind the counter looked at the number and said, "I'll have them for you tomorrow."

Happiness

Happiness is found along the way, not at the end of the road.

Faith

Sometime you just leave it to "GOD"

Inner wisdom

We don't see things as they are; we see them as we are.

You know it's time to re-evaluate your relationship with your computer when....
You wake up at 3 o'clock in the morning to go to the bathroom and you stop to check your e-mail on the way back to bed.
You move into a new house and you decide to Netscape before you landscape.
Your family always knows where you are.

We believe that laughter is a vital part of living. Your kind support of us and support of our advertisers makes this all possible.
